AeHIN: Dreaming Forward in the next 5 years

www.aehin.org

Four Strategic Areas

Promote
**standards and
interoperability**
within and across
countries

Build capacity for
eHealth, Health
Information Systems,
and Civil Registration
and Vital Statistics
(CRVS)

Increase
peer assistance
and knowledge
exchange and
sharing through
effective networking

Enhance **leadership**
and sustainable
governance, and
monitoring and
evaluation

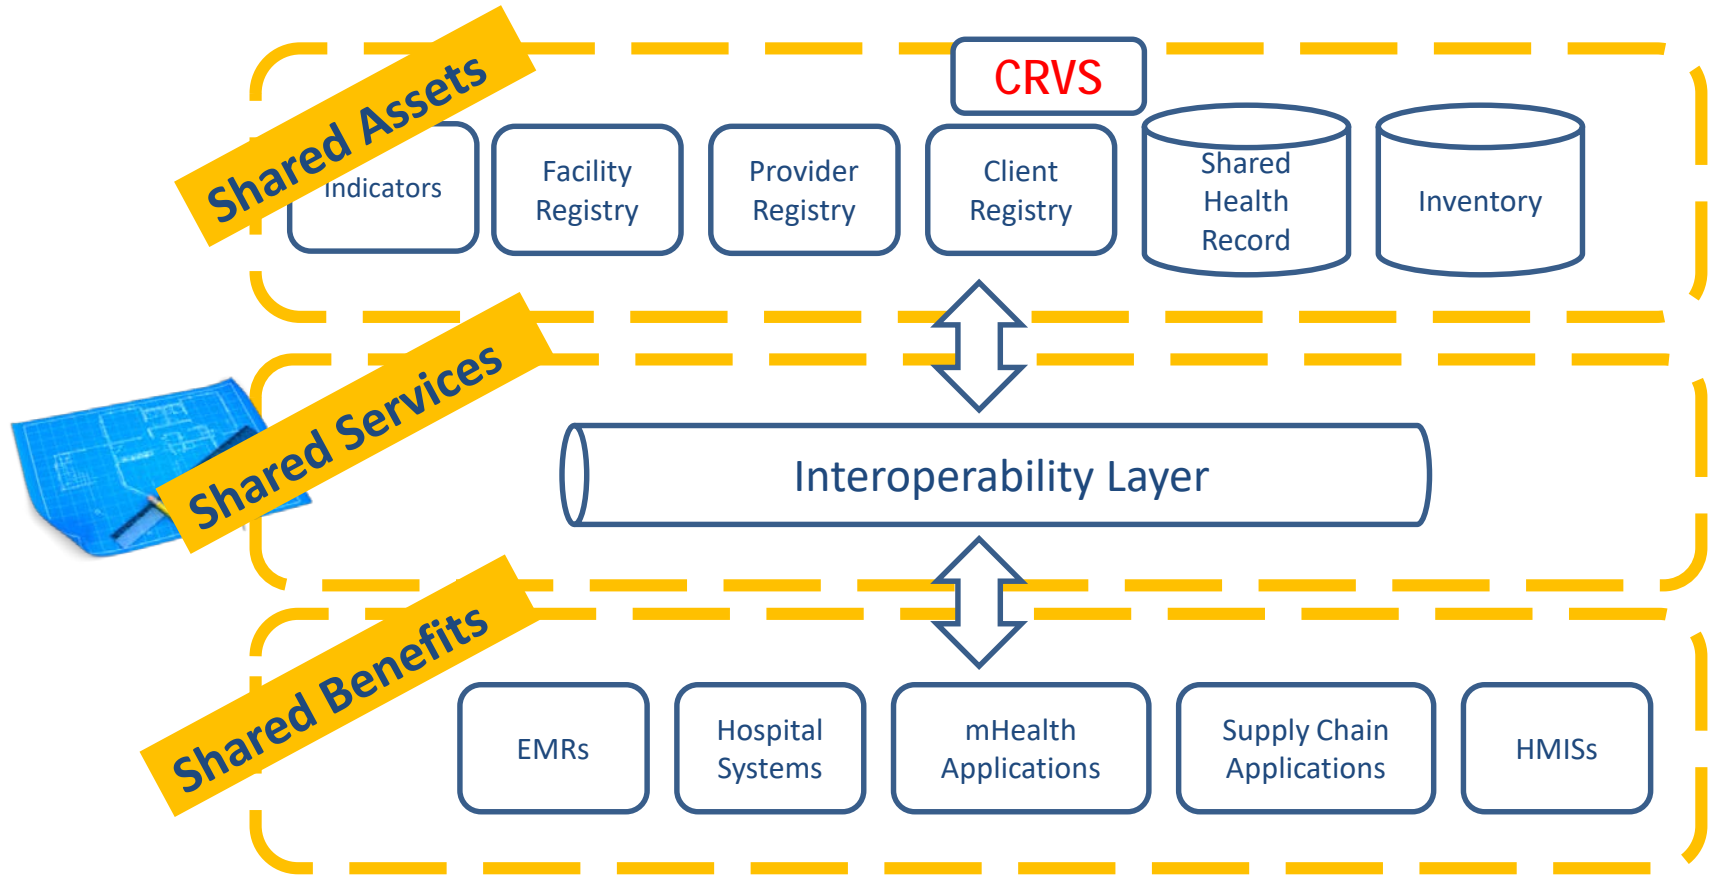

HIS/eHealth Capacity Building Roadmap

WHO and AeHIN provide technical support to make eHealth scalable and sustainable using certified trainings on governance, enterprise architecture, ICT program management, and standards.

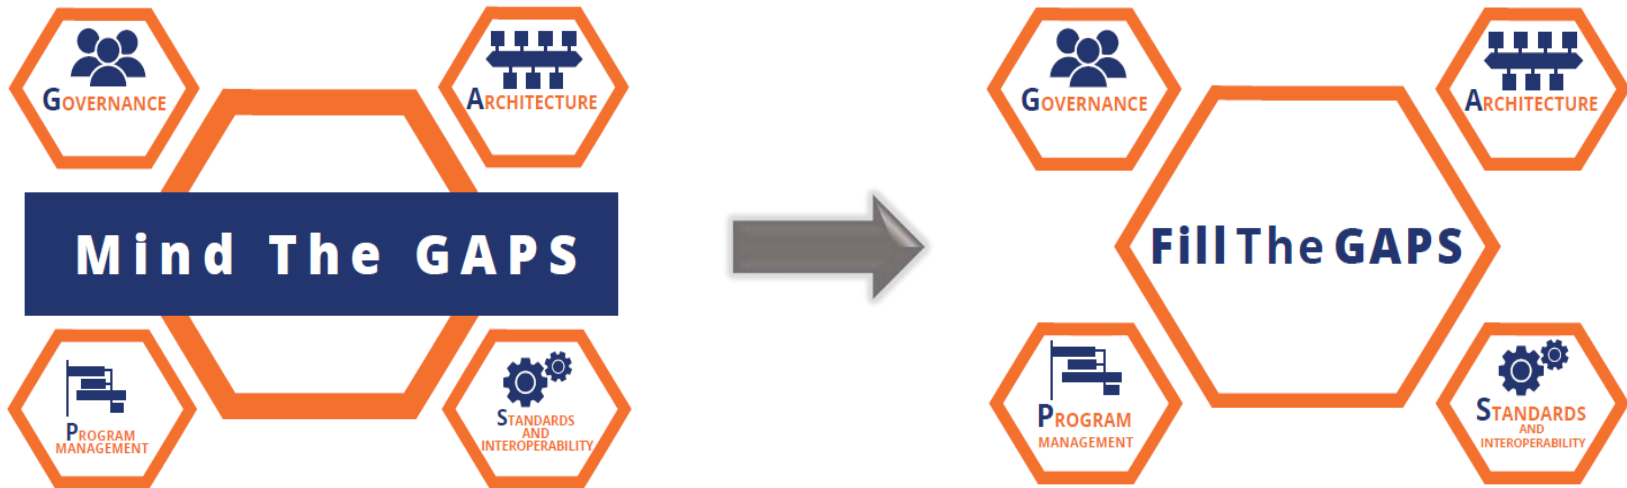

OpenHIE Architecture

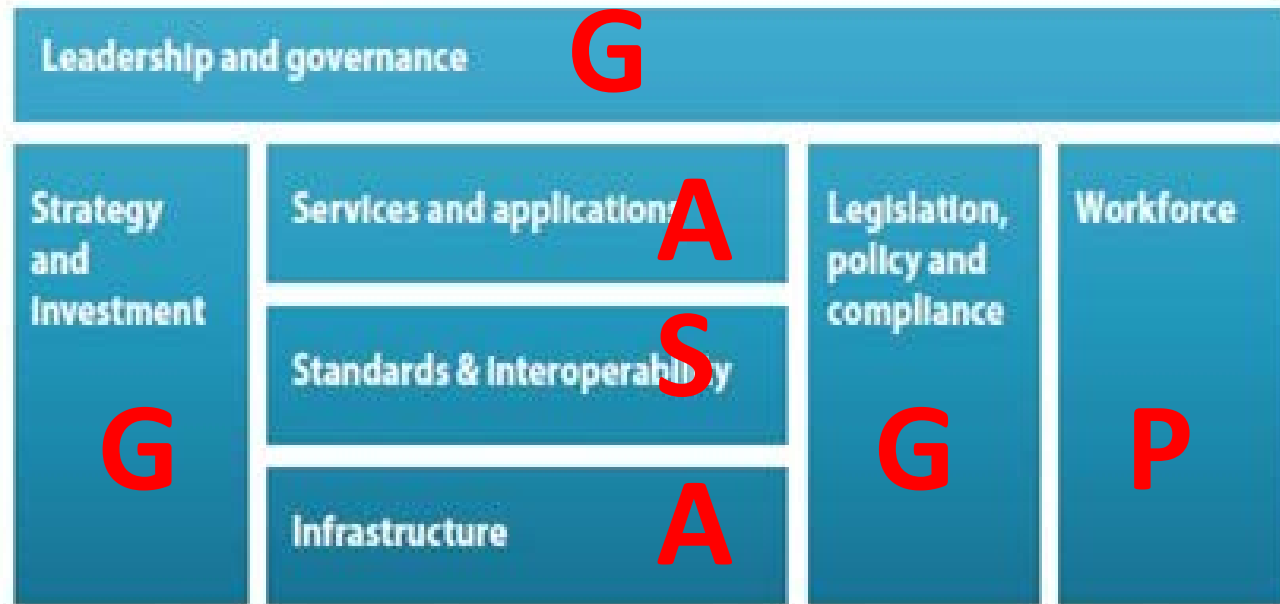

Key messages that emerged during AeHIN organized meetings & conferences

To develop national healthcare IT systems, countries need to work on 4 important fundamental topics. **The GAPS framework**

WHO-ITU National eHealth Strategy Toolkit

Figure 2. eHealth components

What We Want to Achieve

Stronger network

Inter-regional network
AeHIN-PHIN-AADH-IADN

More peer-to-peer knowledge exchange

Training Mind/Fill the GAPS

Collaborative knowledge creation, publications

Critical data analytics for SDG
and UHC

Blockchain Architecture for PHR

Big Data of healthcare

AI for Healthcare

Proposed Activities for 2018-2022

Annual General Meetings 1x/year

Vietnam April 7-9, 2019

Knowledge Exchanges

AeHIN-Taiwan (funded by Taiwan) – 2x/year

ASEAN-Japan (funded by Japan) – 1x/year

Country-to-country Knowledge Exchange (depending on country funds)

Convergence workshops – Bhutan and Laos

Webinars

(2x/month AeHIN and 2x/month COIL

OpenIMIS

Knowledge products – joint papers and publications

Health IDs, GIS for Health, National Telehealth Programs, Personal Health Records, Standards & Interoperability; Country eHealth Events Database; AeHIN-private sector partnership (startups)

Proposed Activities

WHO Digital Health AtlasNetwork of National eHealth PMOs

AeHIN-Africa Alliance partnership, PHIN, IADB

Pacific Health Information Network partnership

MOH Nepal-eHealth Philippines Knowledge Exchange

MOH Malaysia-DOH Philippines-MOH Nepal

Continuing Health Education Asia

Global Digital Health Index (GDHI)

AeHIN-Countries Knowledge Exchange 2019

Digital Health Investment Case Framework with Costing Tool (Philippines, Sri Lanka, Bhutan)

Certification training (COBIT5, TOGAF, Project Management) – learn from the good experience of certified AeHIN members

HL7 FHIR training

Blockchain training

IHE training to COIL

Digital Health Network of Networks (DHN2)

- A network of networks
 - Asia: AeHIN
 - Africa: African Alliance for Digital Health Networks (AANDH), African Centre for eHealth Excellence (Acfee)
 - Americas: RACSEL, RECAINSA
 - Pacific Island Countries: Pacific Health Information Network (PHIN)
- Inter-regional level of knowledge exchange
- What we ask:
 - a network of secretariats amongst these networks constantly exchanging knowledge and capacity-building
 - annual regional general meetings
